the spontaneous, movement, or if it cannot rise above the tarnsient interests of the proletariat, if it cannot raise the masses to the level of the class interests of the proletariat. The Party must take its stand at the head of the working class, it must see ahead of the working class, lead the proletariat and not trail behind the spontaneous movement.

The vish to attain the supposed-ly unattainable exists in the heart of every man. That is what makes the human being. And in the breast of a few men there is a positive passion to achieve what has never been achieved before. The resolutions were a Westernbacked compromise move urging direct peace talks, an Arab-sup-the cynics among mankind to re-

fantry warfare because no men into a sound sleep until about 10 would dare such murderous fice.
